August 12, 2010
8:00 am – 4:30 pm

eValue8 *is a standardized RFI tool used by employers and employer coalitions across the country to compare health plans based on critical areas such as health information technology, patient safety, member and provider communications, disease management, program administration, provider performance and behavioral health*

Project of the Colorado Business Group on Health.

Join us for a one day session to review the results of this RFI with Colorado health plan leadership and to provide a forum for discussion of issues relevant to employers and their employees.

- **Welcome & Introductions** Tamara Kirk, *President, CBGH*
- **Overview of eValue8** Donna Marshall, *Executive Director, CBGH*
- **Review of Results, Health Plan Action Items & Discussion** All

2010 Health Plan Action Items:

- ✓ Transparency – Price and Quality
- ✓ Payment Reform (Payment Strategy)
- ✓ HEDIS/CAHPS results summary
- ✓ Smoking Cessation/Tobacco Use
